Loyalty

Character

Sportsmanship

This year Western Ontario Region is hosting the Canadian Pony Club National Show Jumping Competition. This competition will be held in Burlington Ontario at Iron Horse Equestrian Complex from Thursday August 23 to Sunday August 26, 2018.

The Equine athletes, your horse(s) move in and get settled preferably anytime between 10am-5pm on Thursday, August 23 and move back home between 2pm-5pm on Sunday, August 26.

During their stay, your horse will be well looked after by dedicated Pony Club members under the supervision of a professional Barn/Stable manager. We will have a responsible adult on premises at all times to ensure the security of the horses and will have a farrier and vet on call should the need arise.

On Friday, the horses will have a 1 hour lesson with their rider for the competition to ensure the team is a safe combination. This lesson will be with an upper level coach. On Saturday, the riding starts in the morning with a flat test, similar to a Training level Dressage test, then in the afternoon a gymnastic jumping competition. On Sunday, the horses will compete with their rider in a 3' Jumper Equitation round followed by a switch ride (change of rider) for a course at 2'9".

These National competitions offer wonderful opportunities for riders and grooms from across Canada to gain valuable experience and build lifelong friendships. Without generous horse owners, these competitions could not be held.

Please be assured that our members will take excellent care of your horse/pony while it is in our care. Members from other Regions across Canada who are participating in these Championships have been chosen based on minimum PC level requirements as well as riding ability and experience.

If you have an equine athlete who would be suitable for this competition, please contact me to discuss further details.

Sincerely,

Gillian Ross Erasmi
